December 20, 2015

Dear Valued Customer,

Beginning January 1, 2016, Lakeshore Recycling Systems will be taking over the waste and recycling services that were provided by Groot Industries. Initially, you will notice no change in services or rates. All of the existing equipment was purchased by Lakeshore and invoices will be generated from our Company beginning in January.

We could not be more excited to be a part of the Highwood community, and understand that its businesses expect the highest levels of service and reliability. We pledge to deliver on both.

Again, you will see virtually no difference in service offerings – only a blue truck providing services. Sometime after the winter months, we will begin to exchange the waste and recycling containers with our blue containers. You the customer do not need to do anything.

We encourage you to reach out to us at either: +1 773 685 8811, or: www.LRSrecycles.com.

We look forward to being a solid partner for Highwood for years to come, and promise to provide you nothing short of excellence in service.

Warmest regards,

Joshua Connell
Managing Partner
